

HOW DO I INSTALL PRODUCTS ON PAVERS?

We offer paver kits for most of our residential water slides and diving systems!

Paver kits are sold separately as optional items; not every product installation will require a paver kit. (See Figure 1 for basic installation reference.) Refer to the chart below for the paver kit part numbers that correspond to the Inter-Fab products.

Please contact Inter-Fab Customer Service with any questions. 800.737.5386
